

# ROSS GARDAM

The Tailored range is a modular collection of upholstered products for office and open spaces.

Designed with the desire to facilitate communication between people while also providing a space for quiet work and reflection.

The upholstery details of the Tailored Collection is inspired by the stitching detail of fine suiting. The collection features a total of 30 elegant seating configurations, with custom lengths available, offering flexible workspace solutions for any project.

Tailored has a contemporary yet classic form with a signature fine stitch detail, seamlessly fitting into any workplace.

**01 DETAILS**

The solid oak leg with its geometric form is a shared characteristic of the Tailored collection, providing a strong visual connection between the lounges and coffee tables.

## 02 DETAILS

A highly refined level of craftsmanship is displayed in the stitch and seam details of the Tailored collection.

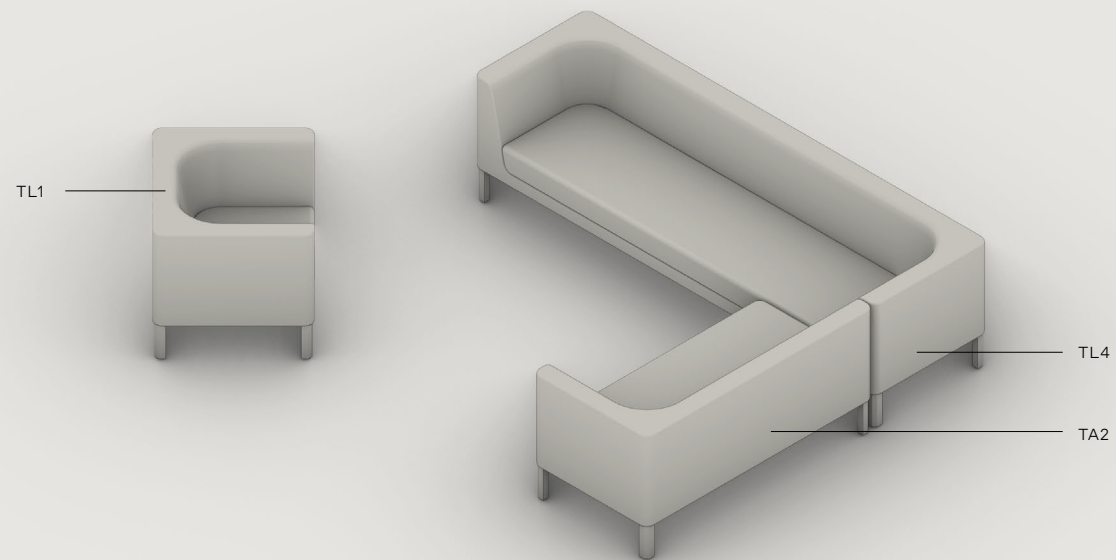

## 03 DETAILS

The Tailored Lounge is available in a low-back and a high-back version. Both are available in a plethora of standard configurations with custom sizes available on request.

MATERIALS & POWER

LOUNGE

**INTERNAL FRAME** / The internal frame is constructed from plywood, kiln dried hardwood and steelwork. The seat utilises webbing for support, creating a high level of comfort and ensuring long-term endurance.

**BACK & ARM** / The back and arms are constructed from MDF, plywood, polyurethane foam and polyester batting.

**SEAT CUSHION AND UPHOLSTERY** / Formed from shaped polyurethane foam of different densities and polyethylene terephthalate to create a supportive yet comfortable seat. Overlayed with polyester batting for additional comfort. Upholstery and leathers are available in a range of varying textures, durability and tactility properties. Upholstery is selected at the time of ordering.

UNIVERSAL TABLE

**TABLE TOP** / Available in black powder coated MDF.

**TABLE BASE** / Constructed from tubular powder coated steel and powder coated sheet with a felt bottom (Universal Table).

POWER INTEGRATION

A power / USB module can be located to the underside of any module.
