

ROSS GARDAM

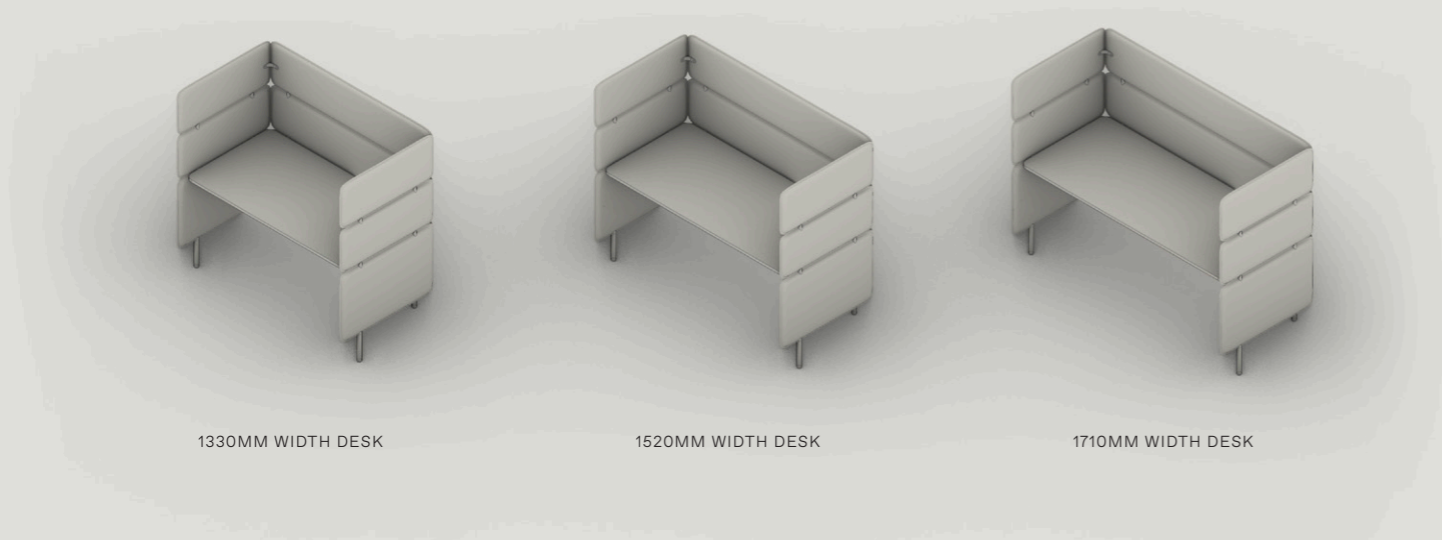

A continuation of the Adapt Lounge and Adapt Hub, the Adapt Work features the same ethos and design details in a flexible desk-based workstation. Created to facilitate collaborative interactions and individual focus within adaptable settings, Adapt Work offers an array of possibilities for the ideal open or secluded workspace.

With its array of desk widths, height options and privacy levels, Adapt Work is a versatile solution for diverse environments such as offices, universities and schools, whether in compact confines or expansive open layouts. Arms and backs can be shared, optimising space utilisation as well as reducing cost and fabric usage and allowing for back-to-back and side-to-side configurations. The module nature of the system also enables perpendicular or enclosed configurations, affording various degrees of privacy to suit distinct requirements.

ADAPT WORK OPTIONS ⁰¹

1. DESK WIDTHS

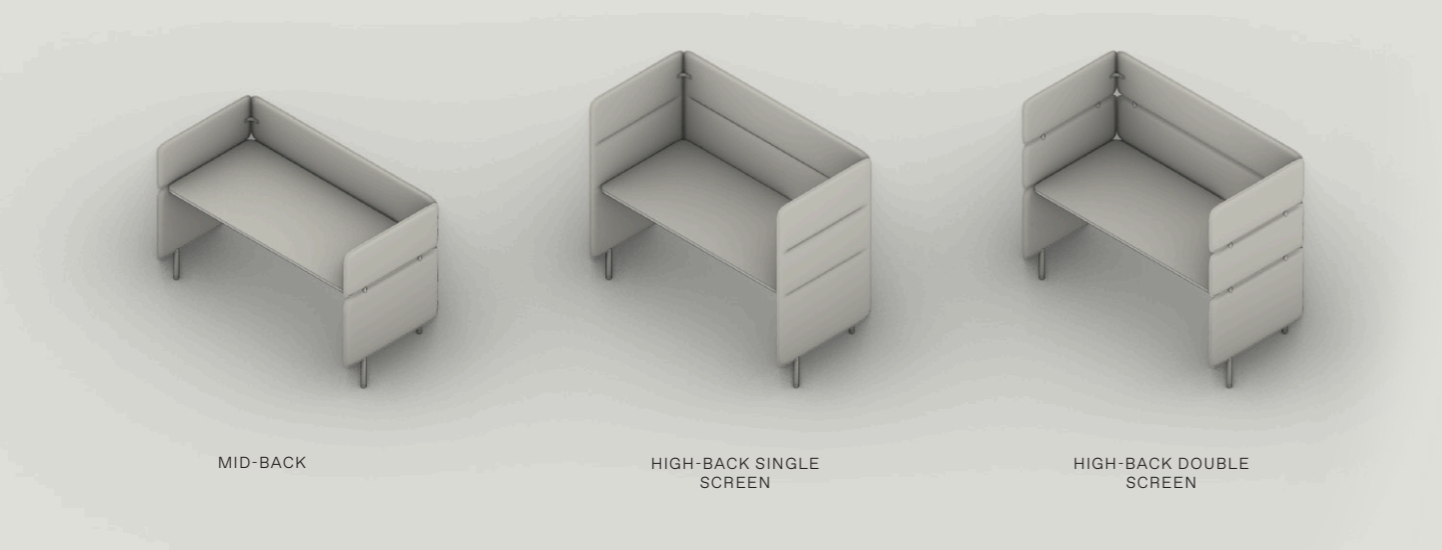

1330MM WIDTH DESK

1520MM WIDTH DESK

1710MM WIDTH DESK

Available in three desk widths:
1330mm, 1520mm and 1710mm

2. HEIGHT VARIATIONS

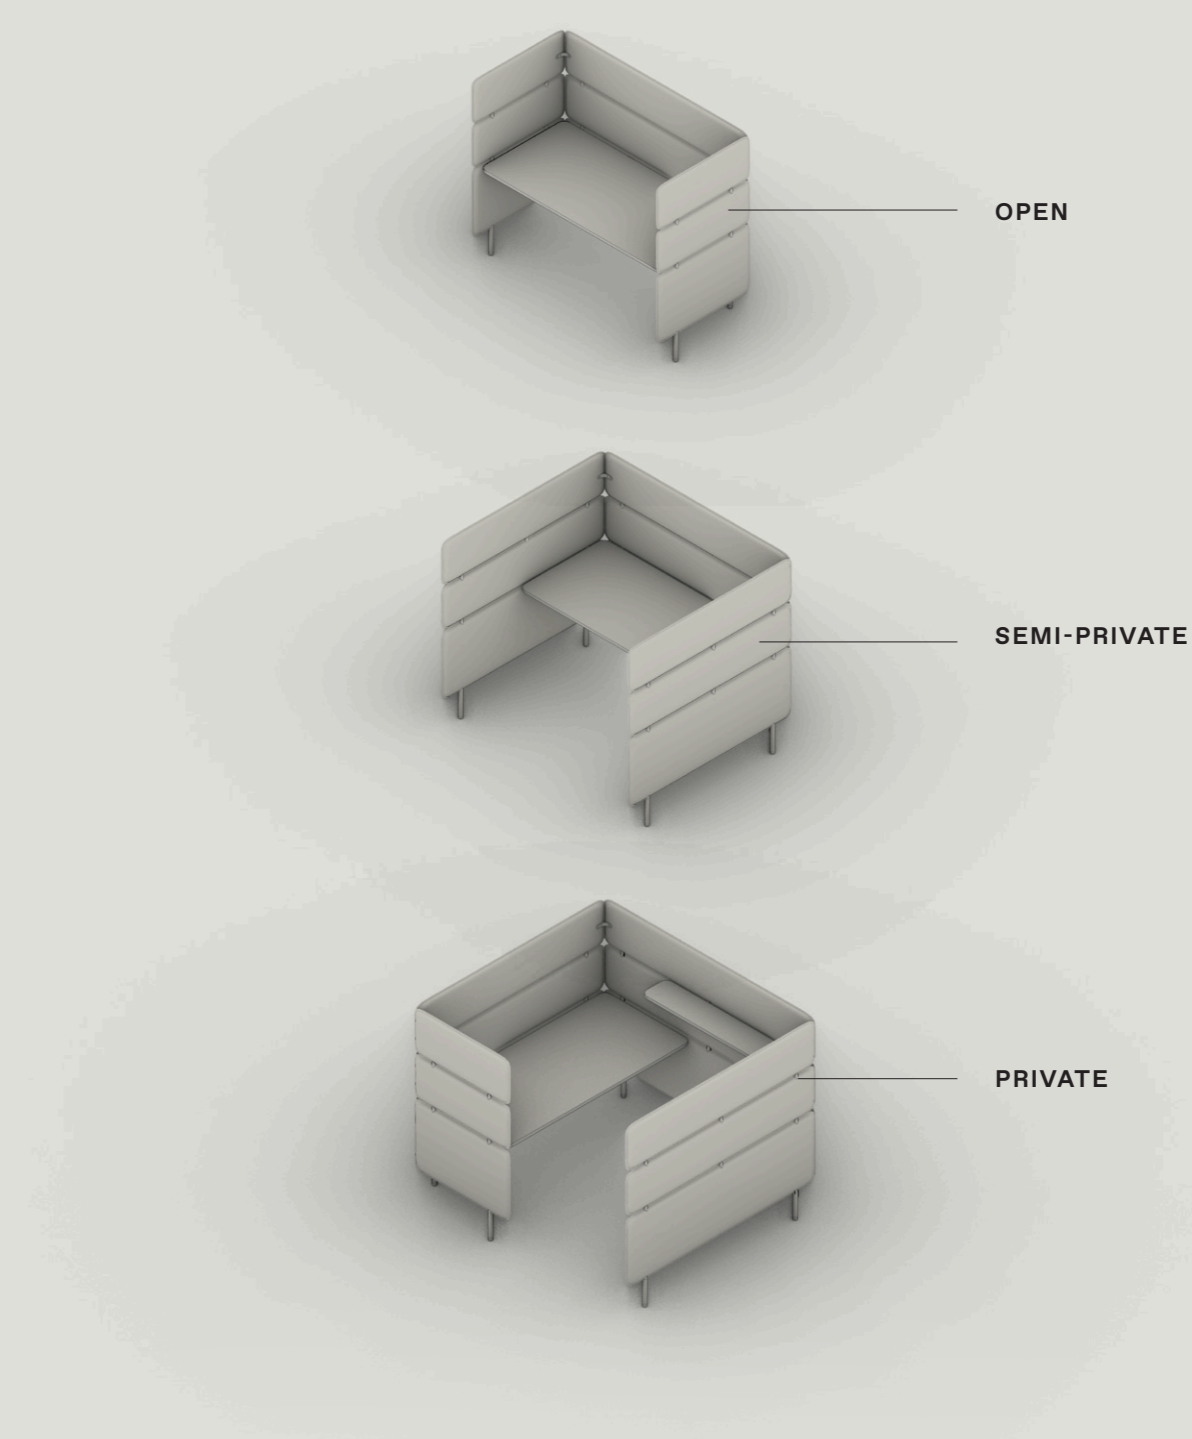

MID-BACK

HIGH-BACK SINGLE
SCREEN

HIGH-BACK DOUBLE
SCREEN

Available in three height variations:
Mid-Back, High-Back Single Screen and High-Back Double Screen

3. PRIVACY LEVELS

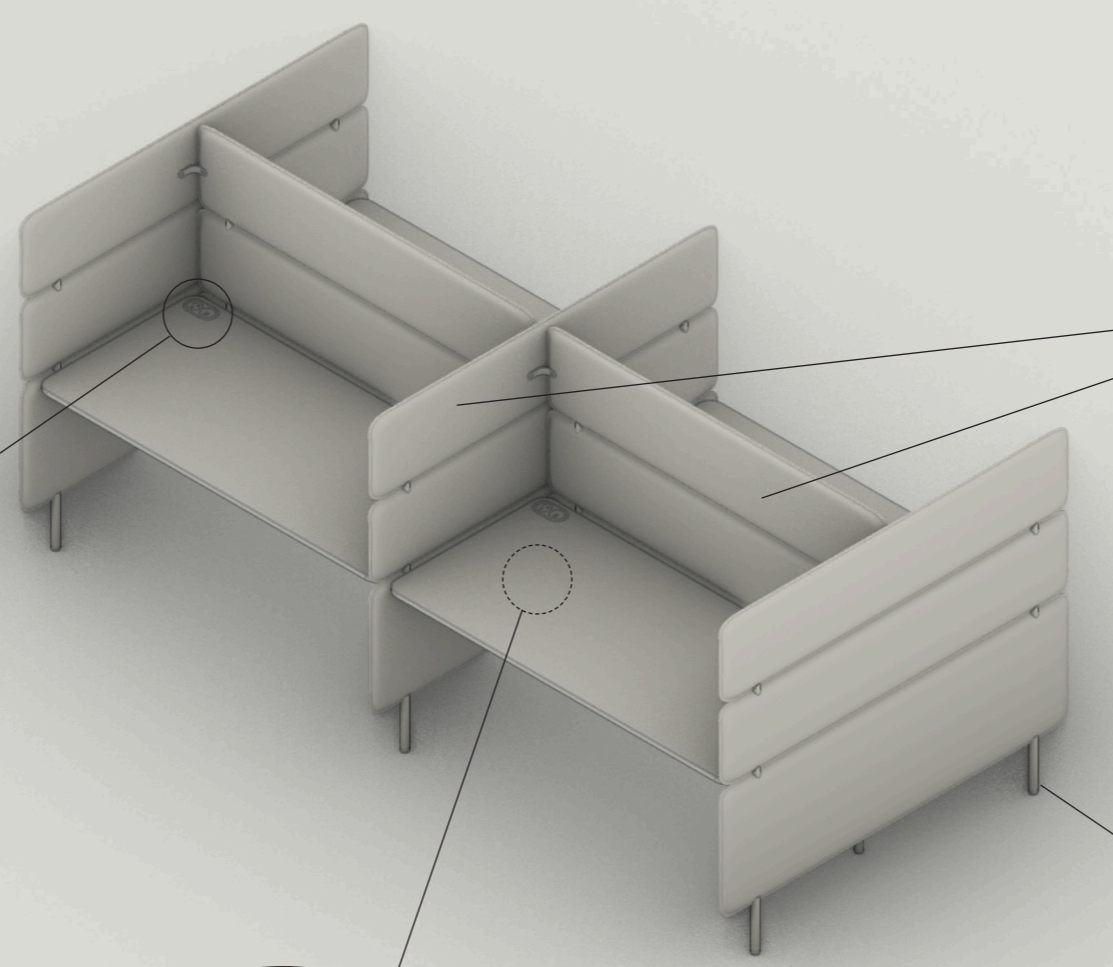

OPEN

SEMI-PRIVATE

PRIVATE

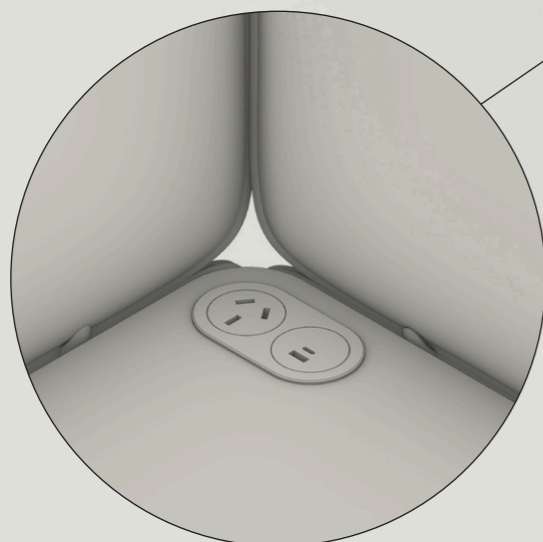

Available in three privacy levels:
Open, Semi-Private and Private

DETAILS ⁰²

SHARED BACKS AND ARMS

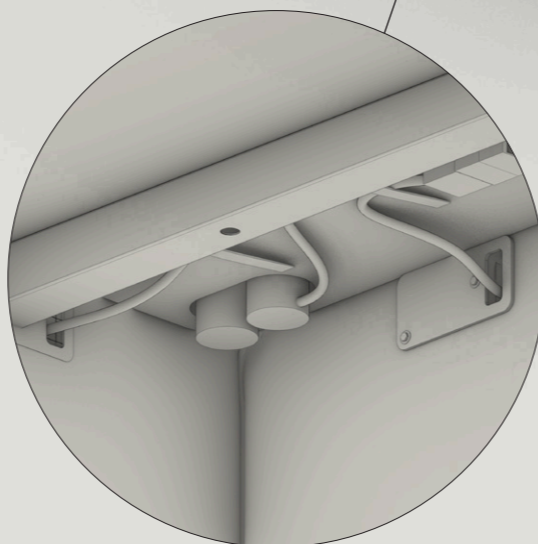

Backs and arms can be shared in linear and back-to-back configurations, reducing components required.

IN-DESK POWER

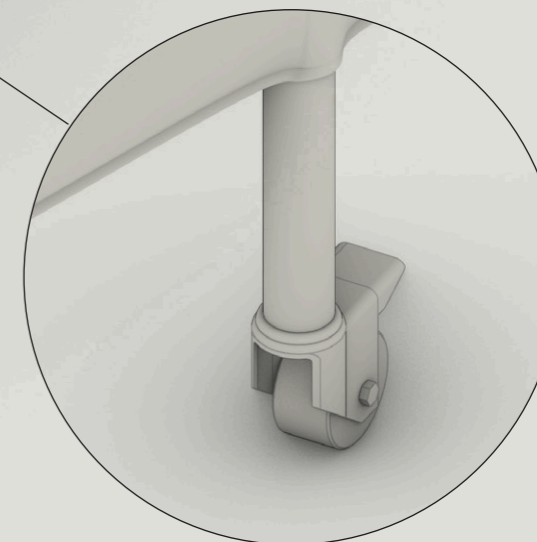

In-desk GPO, USB A/C and wireless fast-charge power units can be installed along top of desk.

Shown with CMS Echo Duo units however alternative power solutions available upon request.

CABLE MANAGEMENT

Power cabling is mounted to underside of desks and can be daisy-chained through backs and arms in linear, back-to-back and perpendicular configurations.

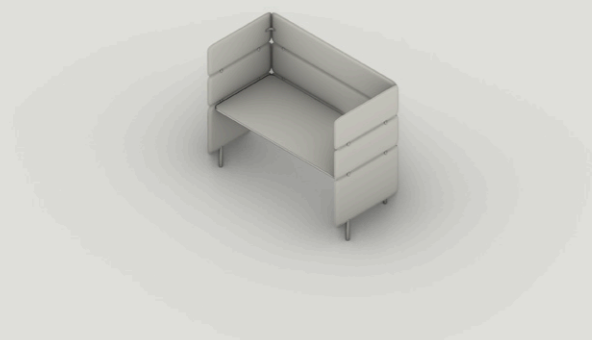

CASTOR WHEELS

Optional castor wheels can be added for additional flexibility. Portable power banks recommended for use in workstations with castor wheels.
