

An abstract architectural photograph featuring a dark, textured background. Three vertical, slightly irregular lines of a lighter, metallic material run from the top towards the middle of the frame. A wide, dark, metallic band with a brushed texture cuts diagonally across the lower half of the image, starting from the left edge and extending towards the right. The lighting is dramatic, highlighting the textures and edges of the metallic elements.

CATALOGUE / LIMINAL

ROSS GARDAM

ROSSGARDAM.COM.AU

Liminal exists in the threshold between object and space. Its floating silhouette is suspended by a trio of central support rods, creating a carefully balanced composition unique to the piece. Intentionally restrained in expression, Liminal draws focus to the refined detailing and precise finishing of its brass or aluminium elements.

Offering independently switched uplight and downlight illumination, Liminal allows for layered atmospheric control within a single fixture. A modular lap joint detail defines the fixture's side profile, reinforcing its architectural character. Available in five lengths and eleven standard finishes, Liminal adapts seamlessly across a range of architectural environments while maintaining its quiet, immersive presence.
